

# Call for nominations for the Justus von Liebig-Award for World Nutrition prolonged until 2022!

---

For the seventh time, the *Foundation fiat panis* is calling for nominations for the Justus von Liebig-Award for World Nutrition for outstanding achievements in the fight against hunger and poverty. The prize will be awarded to people or institutions which have made an outstanding contribution to the improvement of world nutrition or to alleviate the consequences of under- and malnutrition.

**The prize is endowed with 25,000 Euro.** It will be awarded in an undivided manner and presented in general at a ceremonial event. Due to the COVID 19 pandemic, it will not be possible to honor the awardee in a fitting manner, focusing on their commitment to improving world nutrition at an in-person event in the fall of 2021. For this reason, the Board of Trustees of the Foundation and the award committee are of the opinion to extend once the nomination period and to award the prize only in the fall of 2022.

The following areas are of particular interest: 1. scientific contributions to research and teaching in the field of agricultural or nutritional sciences and related disciplines, 2. entrepreneurial and organizational services, 3. achievements of a humanitarian nature and 4. contributions to the communication of world food problem and possible solutions.

The nomination should be accompanied by:

1. Personal data including address
2. Curriculum vitae and important data of the nomination
3. Brief description of the outstanding achievements in special regard for the improvement of world nutrition

We kindly request you that any nominations should be treated confidentially, especially towards the nominated persons. Self-nominations are not possible.

The decision on the winner will be made by an independent committee. Its decisions are final. Legal recourse is excluded. The committee will not give a reason for not having chosen a particular candidate.

The Justus von Liebig-Award, endowed by the Alfred Toepfer Foundation F.V.S. in Hamburg, was awarded regularly between 1949 and 2006 for achievements in European agriculture. Since 2009 the *Foundation fiat panis* continued the award with the modified objective of awarding exceptional contributions to the improvement of world nutrition.

**The deadline for submission of nominations is April 30, 2022.**

Please send your nomination proposal to the Executive Director of the *Foundation fiat panis*:

Dr. Andrea Fadani, Foundation fiat panis, Syrlinstr. 7, 89073 Ulm, Germany
